## Valedictory

The lighthouse has always been a symbol of our school. For three years now its light has been guiding us, its bright rays endeavoring to keep us away from danger and disappointment. Those of us who have kept our eyes faithfully on that beacon have now come to the harbor of graduation. From here on our paths separate. Some will go on to ports in which they will get more preparation before they begin their life's work; others will start out at once making their own way in life. No longer can one lighthouse guide our sundry paths. And yet as we separate, there is a glow in our hearts; it is the remembrance of three years of warm friendships, three years of help, advice, and encouragement from the faculty. We thank them for all of this.

As we look out to sea, we realize that the weather is precarious and that it is difficult to start out on a trip at this time. There are a great many ships now competing for the supremacy of the sea; many are better than they were formerly, so that it is necessary for us to try to become better sailors, to learn to steer a straight course on the sea of life. Tennyson offers encouragement when he says,

"Not in vain the distance beacons  
Forward, forward, let us range."

And so our ships are setting sail. We have taken Browning's advice in which he said,

"Ah, but a man's reach must exceed his grasp,  
Or what's a heaven for?"

Ahead of us lies the open sea—beyond that, our goal. We have gained an impetus from the encouragement of the last years to start out to sea, a goal ahead of us; only the years to come can prove our grasp.

## Salutatory

"The secret of success is constancy of purpose—"

After three years of extensive preparation, the good ship "Graduation" is about to set sail on the turbulent sea of life. We, as the crew, have fitted ourselves to face the problems of life. This was the goal we constantly strived for during our years in Port Huron High School.

"Before we leave for our future ports, we must thank the faculty for the benefits given to us by their constant aid. Without this we would have fallen short of our aim. By their untiring patience and constant striving to raise our ideals, they have given us a superior start in life. No faculty is capable of more.

Let us look back for a while and revive in our memory pleasant thoughts of the days we have spent together. We have formed friendships that will be lasting throughout our life. We have had many enjoyable social times together, and everything was made as pleasant as possible for us. The sea was not entirely calm, but by the great efforts of the crew we have withstood the greatest number of storms.

For a number of years our course has been charted out for us, and we have diligently striven to accomplish all we could. We must not let our success dim our purpose in life, and we must keep our ideals high. We must let nothing daunt us in striving for the goals we have set. Our ships have been made ready to send out, and only the future can tell how many will find their way to the port of "Success."

## Valedictory

This is the last formal meeting of our class, and it would be well if each one of us could express his last minute thoughts to the remainder of the class, but it has been the custom to choose one member to deliver a valedictory.

At last we have arrived at the day towards which we have striven. Behind us lie four years of work, of friendship, and of pleasure. These years are now a thing of the past, but the memories and associations formed during them shall always endure—they know no valedictory, no farewell. We have achieved our goal—Commencement Day.

Commencement—the beginning. The long awaited day is in reality only the beginning, the beginning of our real work in life. We know what lies behind us, but who knows what lies before us? No one knows; no one wishes to know. For that is life—finding this out for ourselves.

“Behind him lay the gray Azores,  
Behind the Gates of Hercules;  
Before him not the ghost of shores,  
Before him only shoreless seas.  
The good mate said: “Now must we pray,  
For lo! the very stars are gone.  
Speak, Admiral, speak, what shall I say?”  
“Why say, ‘Sail on! sail on! and on!’”

These words, “Sail on!” are symbolic of our future. Behind us lies a happy past; before us lies “not the ghost of shores,” but whether these “shoreless seas” contain happiness or sorrow, good fortune or adversity, we must at all times “Sail on!”

To you, our Faculty, we say farewell. We say it with mingled emotions. For four long years we worked under your direction and supervision, four of the most formative years of our lives. We absorbed your thoughts, your ideas and your ideals. You have become a part of us. Now we are parting, to chart new seas, to reach for unknown shores. It is a moment of great joy in our lives, yet there is also a feeling of sadness.

Classmates, we are being graduated—we are beginning! The Book of Life is in front of us. The introduction has been finished, and the first page is being unveiled. As a class we have accomplished many things, set many new precedents. But now all that remains of our class are memories. Only memories, but ones that we shall look back to with happiness and satisfaction. Let us strive onward, endeavoring to do in the future even better than we have done in the past.

He gained a world! he gave that world  
Its grandest lesson: “On! sail on!”

BERNARD ADINOFF.

## Salutatory

"The wind and waves favor the ablest navigator."

We, the class of June, 1935, in this, our graduation, resemble a tiny fleet of ships each bearing its cargo, its own individual contribution to the problems of life. We now put forth from the sheltered waters in which we have sailed so long, aided by the love and guidance of all those who have helped us so wonderfully in making the correct preparations for this long journey. It is the problem of each of us to guide our individual lives across the sea to that far harbor of deference and value to the community as a whole.

The picture viewed from our present haven of safety presents an anything but reassuring aspect, for in the distance the dark clouds of radicalism, communism, and their kindred theories appear in the darkened sky. The course is filled with jagged reefs, annoying and dangerous riptides, and currents of unsound ideas and theories. Today as in the time of Columbus, Vespuccus and other early mariners, there is a lack of guiding lights—political, economic, and moral. In full view are the ships of former years, many sailing the true and steady course, but many drifting helplessly in the sea of depression unable to set their course on favorable winds. Still others have been wrecked upon the black, foreboding rocks, while many have disappeared beneath the huge waves of economic distress. Captains and navigators of the weather-beaten crafts of previous years can give us little aid or advice to help us conquer the problems which become visible. It might seem foolhardy to pit our youth and inexperience against all these adverse conditions which are in great prevalence. Also, it might seem a helpless task to set forth to solve the problems upon which older and more experienced navigators have wrecked their ships.

Although the course appears perilous, we know that it is not unconquerable. Put forth we must, for such is the rule of life; and regardless of the pitfalls with which we meet, we must set our sails, confident of our own seahardiness and of our good fortune with which to find sufficiently fair winds to carry us through to the end. Slowly and surely through the years that we have made ready for this journey, we have builded our ship aided by the advice of those who have weathered previous storms. Their self-sacrifice and loving care have provided us with many of the instruments necessary that we, too, might gain that great end as have the great majority of those who have gone before us.

First, we have been provided with the compass of an abiding faith in God, which, as a guide, unhesitatingly indicates the true north. It also is an assurance that no matter what may befall us, we shall always know the direction of our course.

Second, we have been provided with health, that most necessary of all things so essential to the seaworthiness of our ship, that we may have the strength to resist the strains of wrenching waves and winds of long, arduous labor.

Third, from the various studies we have pursued during our time here, we have gained many and varied sails of intelligence, which, together with others acquired to the same end, can be set properly to gain the best advantage of the winds we find to drive us along our course.

We are not fearful of the outcome. Each generation has put forth on this same journey and always the great majority through honest, sincere attention to its life work has attained its goal successfully. Many, heedless of their obligations and unwilling to earn their ways through genuine effort have failed in seas of sunshine and fair wind. Some have sunk beneath the waves after valiant struggle. Some have had fair wind and easy passage. We are well-equipped; so, regardless, of what may obstruct our course, we shall press on. All these rocks, waves, winds, currents, absence of guides, and other adverse conditions are only the problems of life which have been solved so successfully by previous captains. The proudest ships of all are those which, handicapped by ill health, ragged sails of inadequate preparation, lack of the many advantages with which we sail forth, have carried on to that far distant harbor for which we are all striving. We fully realize that each wave of distress with which we are able to cope and to overcome but adds to our strength to resist our next wave of opposition. We know that we will encounter many fair and foul winds, that we will have more sunny than cloudy days, that we will make many new and valued friendships, and that for each loss there will be a compensating gain. We have drifted in the sheltered waters long enough. We have faith in our ability and in our ship and we gladly sail forth though uncertain of the outcome. We, nevertheless, know that we shall have our best to attain that coveted port.

## PRESIDENT'S MESSAGE

We may all feel rightfully proud at this time; proud of the fine educational institution to which we belong and especially proud of the splendid spirit of cooperation which has been shown by the members of our class.

We must keep this flame of cooperation burning even more brightly in the future, if we are to attain the success that every high school student counts upon so dearly. We **must not** and **can not** take the chance of destroying the enviable record which our predecessors have established.

Opportunity and hard work are said to be the combination that opens the lock to the door of success. We have the opportunity; the rest is up to our own initiative.

If we conduct ourselves along these lines in the future, our rewards will be rich ones indeed. Therefore, let us not drag our banners in the dust, but carry them on to greater glory.

### PRESIDENT'S MESSAGE

Sophomores:

We still have ahead of us the greater and most enjoyable part of our high school careers. I am sure that if we all try to keep our marks up high enough to be proud of them and set a certain goal to strive for until we are Seniors, our remaining years as Juniors and Seniors will be much more desirable and less tedious for us all.

Let's all try to pull together; to work to keep our class standing up with those which are highest; and to prove ourselves worthy to uphold the fine examples set for us by our predecessors.

BILL WITTLIFF, President.

I would like to thank all of the students and officers of our class who by their kind and unfailing cooperation have endeavored to make the first half of our Sophomore year a happy one.

## Honor Society

Port Huron High School has been a member of the National Honor Society of Secondary Schools since 1922. In that year our school made application and received its charter.

The purpose of the Honor Society has been to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in the pupils of Port Huron High School.

Members are elected to this society by vote of the high school faculty. After a careful study of scholastic and activity records of 12B and 12A class members, the faculty selects pupils who are from the upper one-fourth of their class scholastically, and who are found to be superior in leadership, character, and service. Not more than fifteen per cent of any class may be elected to membership.

By selecting outstanding students in their 12B semester the faculty has created an active group in the high school to encourage the principles for which the society stands. This group also initiates new candidates into membership.

In December, 1934, the following members, all from the 12B class, were elected: Shirley Adams, Howard Ailio, Dalton Orr, Robert Van Slambrouck, Charlotte White.

On the evening of January 10th, 1935, the formal initiation took place at a candle-light service in the high school auditorium. The impressive ritual of induction was directed by Mr. MacLaren and the active members, Ada Atkins, Evelyn Hoskins, Anita Martin, and Norma Lombard. Gladys Clarke, also an Honor Society member, gave piano selections. Mr. Packard, as speaker of the evening, gave an inspiring talk to members and their friends.

The newly elected members of the Society are the following: Bernard Adinoff, Helen Slutsky, Tom Hancock, Bob Coulter, Jean Mackay, Stephanie Parfet, Mildred Kowitz, Marjorie Paige, Elliott Johnston, Margaret Carrigan, Joe Schaeffer, George Sharrard, Walter Richards, Leslie Frank, Joanne McElroy, Earl Norris, Don Carson, Stewart McClellan.

On the evening of April 11, those new members were initiated into the local chapter. Mr. Elmer Hess gave two selections on the violin. Mr. L. A. Packard was the speaker at this ceremony.

Hi-Y meetings were held semi-monthly and alternately at the Y and the High School. A very interesting and truly educational program has been successfully carried out throughout the year. Speakers were engaged for evening meetings and a number of short plays were presented by the members.

The club conducted a party for the crippled children at Christmas; a Hi-Y dance was also given in February. A Mother and Daughter Banquet was an event of the month of May. A rally of the Hi-Y clubs in the state was attended by representatives from this group.

# ATHLETICS

---

---

## Athletic Association

The Athletic Association organized in September with a new board of control consisting of three student members, Lewis Murray, President; June Horton, Secretary; and June Johnsen, President of the Student Council; and four faculty members, Mr. MacLaren, Principal of the High School; Mr. Myers, athletic director; Brick Fowler, head coach; and Mr. Dental, faculty treasurer. The members of the board met three times during the semesters.

At the beginning of the semester, a sale of athletic tickets was conducted, numbering the membership of the association at 620. The privilege of membership was extended to those students buying athletic tickets.

The week of February 4th to the 9th was devoted to a magazine campaign, the proceeds of which went to the athletic fund.

The board approved the schedule and estimated the cost of the basketball for the season of 1935.

## Football

Led by Captain Lewis Murray, the 1934 football squad ended a hard schedule with a respectable record of four games won, two tied, and two lost.

The Red-Whites were outweighed by nearly all of the opponents, but their quick witted football strategy made up for their lack of brawn.

**Port Huron 7-Algonac 0.** With only four letter-men back, a victory was nosed out over Algonac, which inspired the team throughout the season.

**Port Huron 14-Ferndale 0.** Showing a more powerful attack, Port Huron downed Ferndale for the second win of the season.

**Port Huron 13-Saginaw A. H. 6.** Saginaw, the only team that defeated the

---

---

Fowlermen last season, was overpowered, and this stretched the string of victories to three.

**Port Huron 7-Flint Central 9.** In one of the roughest battles of the season, Flint Central gave Port Huron their first setback, although they were out-played throughout the game.

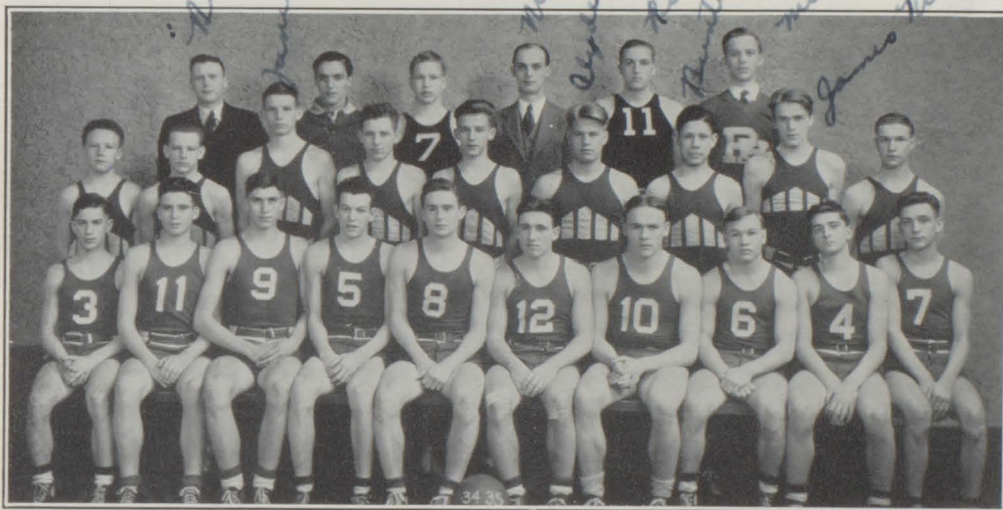

**Port Huron 7-Mt. Clemens 0.** After a weird contest, Jones intercepted a pass and raced seventy yards for a touchdown, to keep the keg, the symbol of victory, two consecutive years in the High School.

**Port Huron 0-Royal Oak 0.** A team that had been preparing for the battle held Port Huron to a scoreless tie. This was the only game in which the Huronites made no score.

**Port Huron 7-Pontiac 7.** The jug, which the two schools battle for each year, was retained by Port Huron, who stopped a last period rush of the Chiefs.

**Seniors 7-Juniors 0.** In the annual post-season game the Seniors, by a little more experience, edged out a victory over the youngsters.

Howard "Bull" McCarty was chosen as next year's captian. McCarty played an outstanding game in 1934 because of his undying courage and energy in playing the tackle position.

### Basketball

Starting the season with a number of letter men back, Port Huron's Red-White quintet played exceedingly well, winning seven out of nine games. Mid-semester spelled disaster, for it left a group of inexperienced players to finish the schedule. In the next eight games played, only three games were won, making a total of eleven victories and seven losses.

---

---

**Port Huron 37-Michigan School for Deaf 21.** Showing great power in offense, the Fowlerites downed the Flint Deaf for the first victory of the season.

**Port Huron 26-Toledo Scott 12.** Port Huron looked very superior to a strong Toledo Scott team. Toledo was outplayed all the game.

**Port Huron 27-Kalamazoo 25.** St. Augustine was barely beaten but the record of Port Huron was kept unmarred.

**Port Huron 16-Jackson 25.** Unable to break through the Prison City defense, a defeat was suffered for the first time.

**Port Huron 24-Ferndale 12.** Ferndale proved to be an easy victim for the Fowlemen, although they played excellent basketball.

**Port Huron 22-Pontiac 24.** It was only in the last minute that victory was certain for the Chiefs, because Port Huron held the lead for most of the game.

**Port Huron 36-Mt. Clemens 21.** After being held to a two point lead at the half, the Red-Whites broke away and drowned the Bathers.

**Port Huron 25-Lansing Eastern 16.** Lansing Eastern, 1934 State Basketball Champions, was beaten by strong defensive play.

**Port Huron 26-Saginaw Eastern 24.** The Red-Whites' first semester ended by defeating the Saginaw team to make a record of seven wins in nine starts.

**Port Huron 10-Fordson 9.** The revamped team started out successfully by defeating Fordson in one of the closest battles of the season.

**Port Huron 12-Flint Northern 24.** After holding Northern, who lost the only game in their schedule, to a one point margin at the half, they broke loose and swamped the Red-White cagers for the worse beating of the year.

**Port Huron 16-Saint Marys 14.** The lads from Orchard Lake were beaten to give the green squad their second win in three starts.

**Port Huron 16-Mt. Clemens 23.** Taking an eleven point margin in the first quarter, Mt. Clemens started the Red-Whites on their losing streak.

**Port Huron 18-Saginaw Arthur Hill 27.** In the last home game of the season Arthur Hill handed Port Huron their fifth defeat.

**Port Huron 13-Royal Oak 16.** After Port Huron had lead throughout the game, the Acorns came through in the last period to win for the first time since 1932.

**Port Huron 17-Grosse Pointe 14.** The schedule was ended by defeating Grosse Pointe on the loser's court.

**Port Huron 15-Royal Oak 20.** For the first time in ten years, Port Huron was defeated in the first round of the Regional Tournament, although they outplayed Royal Oak throughout the game.

At the annual basketball banquet, nine P. H. monograms were awarded. Max Dalrymple was chosen as next year's captain to succeed Reid Ballentine. Cudhay Patterson was captain during the first semester. For his fine sportsmanship, Stewart Munro was given the Phare Memorial Award. Douglas Ackerman was Student Manager of the team.

---

---

This year C. V. (Brick) Fowler presented the Clarence Phare Memorial Award in basketball to the high school. The boy is selected by the Principal of the High School, the Athletic Director, and the Basketball Coach.

Stuart Munro received the award for 1935. He was the first to ever receive it. He represents the boy designated by the Memorial which states:

"The boy who will be considered for the award each year must play the game for the love of it rather than the glory of winning; be courteous to visiting teams and officials; train faithfully for the contest, with team work the keynote; look at the sport as not an end in itself, but as an aid to health, to pleasure, to self-control and to character."

### Baseball

With Captain Reid Ballentine, Frank Sari, and Mason Mills, 1934 lettermen, leading a group of high spirited players, Coach Willard Blackney looks forward to one of the most successful seasons that High School has had in several years. The schedule that has been adopted is as follows:

April 20	Pontiac	May 7	Capac	May 17	Sandusky
April 26	Sandusky	May 10	Romeo	May 24	Marysville
May 3	Marysville	May 11	Pontiac	May 31	Romeo
May 4	Flint Central	May 14	Capac		

### Cheer Squad

The cheer squad has done much in keeping up the school spirit in the past year. A full squad was present at each football game, and at least two members at each home basketball game.

Virgil Billings, Robert Van Slambrouck, and John Frost, previous members of the squad, and Francis Schumacher and Seymour Bergsman, new members, received monograms for their active service during the season.

---

---

### **Tennis Tournament**

Over sixty students were engaged in an exciting tennis tournament which included all classes. The tournament was open to all pupils, regardless of marks. The winners of each class will compete to determine the championship of the school. Coach Cecil Fowler is in charge.

### **Interclass Basketball**

The interclass basketball league proved to be a great success this year. Under the direction of Mr. Bauman, the teams played many exciting games. The 12B's won the title the first semester and as 12A's they kept their record unmarred. Their stiffest opponents were the 11B's and the 11A's.

### **Interclass Baseball**

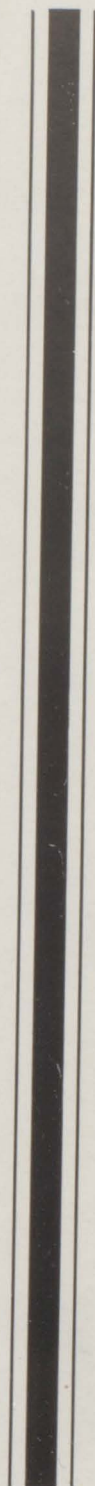

Baseball is always one of the most interesting of interclass sports. This year, as usual, a large crowd of boys turned out for positions. The teams played a hard schedule of fifteen games. Mr. Bauman is in charge of the league; and former High School lettermen umpired at all games.

### **Rube Band**

This organization, under director and organizer, James "Jimmie" Mills, has finally solved the problem of entertainment between halves at our home basketball games. This group of instrumentalists, who offer their time with no compensation, have played at all home games and in addition appeared at assembly and other local affairs. The band is composed of: Leonard Allen, clarinet; Lorne Black, cornet; William Bowden, saxophone; Robert Brink, drums; Jack Coulter, tuba; Robert Forrister, trombone; Kenneth Houck, cornet; Don Carson, clarinet.

J. L. Ludlow (Secretary)  
1101 Military Street

Miss Reid: If a number of cattle is called a herd, and a number of sheep is called a flock, what is a number of camels called?  
Gar Henry: A carton.

Betty Ogden: I see you're getting better marks lately. How's that?

Dick Hitchings: My dad's on a trip; so I do all the work myself.

Ed. West: I'm not going to school any more.

Pete Cassin: Why not?

Ed. West: I can't learn anything. The teachers keep changing the lessons every day.

Barber (to Newt Carlisle) What'll you have, a hair cut or just the oil changed?

Mr. Dentel: What happens to property not disposed of by will?

Nelson Hoffman: It is divided among the errors.

Miss Reid: Correct this sentence, "It was me who spilled the ink."

Jimmy Reid: It wasn't me who spilled the ink.

Mr. MacTaggart: On your way to Smith & Sons, you will pass a football field.

Malcolm Crawford (hopefully): Yes, sir.

Mr. MacT: Well, pass it.

His speeches leave the impression of an army of pompous phrases moving over the landscape in search of an idea.—Jack Courtney.

Teacher: Repeat in your own words, "I see the cow. The cow can run. The cow is pretty."

Tough Mike: Lamp de cow. Ain't she a beauty? An' say, baby, she sure can step.

Early to bed,  
Early to rise,  
Keeps the kid brother  
From wearing your ties.

Miss Neil: Why are you late this morning?

Florence Allen: There are eight people in our house, and the alarm clock was only set for seven.

Miss Stevenson: Bill, can you tell me how iron was discovered?

Bill Brush: I heard papa say the other day that they smelt it.

Miss Woodward: Can you tell me anything about John Milton?

Lloyd McKinnon: Well, he got married and wrote "Paradise Lost." Then his wife died and he wrote "Paradise Regained."

Miss Rowe: Dick Hitchings, tell me where the elephant is found.

Dick (hesitates, then his face lights up): The elephant, teacher, is such a large animal it is scarcely ever lost.

The barber lifted Howard Ailio into his chair.

"How do you want your hair cut, sonny?" he said.

"Like dad's," Howard piped, "with a hole in the top."

Mr. Black (during examination): Will some gentleman who isn't using his textbook be so kind as to let me have it for a few minutes?

Miss MacLaren: Stewart, give me the definition of home.

Stewart Richards: Home is where part of the family waits until the others are through with the car.

Mrs. Adinoff: I hear your boy has a gift for recitation, Mrs. Johnston.

Mrs. Johnston: Yes, indeed he has. His uncle says that all he wants is a course of electrocution, just to finish him off.

Mr. MacLaren (answering the phone): You say Leslie Frank has a bad cold and can't come to school? Who is this speaking?

Voice (with assumed hoarseness): This is my father.

Max Dalrymple: The earth rotates so rapidly that it perspires.

Prayers are little messages to God, sent at night to get the cheaper rate.

Joe Yehl: Who invented the hole in the doughnut?

Earl Hull: O some fresh air fiend, I suppose.

"It is very hard to drive a bargain!" said the fellow who had just bought a car for \$10.

You wanted to read that book of Etiquette and now look at you. Here's the dessert and all you've got left is a butter spreader.

And quarts and quarts of ink,

And not a teacher will leave the room

And let a fellow—think!!

Mr. Springer: Only fools ask questions wise men can't answer.

Bud Robinson: No wonder I got an "E."

Carl Schafer: Would you accept a pet monkey?

Charlotte White: Oh, this is so sudden.

Miss Moore (in Civics Class): What is the penalty for smuggling?
